OFFICE OF ENERGY MARKET REGULATION

Sabine Pipe Line LLC
Docket No. RP26-78-000

Issued: November 13, 2025

On October 23, 2025, Sabine Pipe Line LLC filed a revised tariff record¹ to reflect a housekeeping change to reincorporate tariff provisions erroneously omitted in a previous filing. Waiver of the Commission's 30-day notice requirement is granted. Pursuant to authority delegated to the Director, Division of Pipeline Regulation, under 18 C.F.R. § 375.307, the tariff records are accepted, effective November 1, 2025, as requested.

The filing was publicly noticed. No protests or adverse comments were filed. Pursuant to Rule 214 of the Commission's regulations (18 C.F.R. § 385.214), notices of intervention, timely-filed motions to intervene, and any unopposed motions to intervene out-of-time filed before the issuance date of this order are granted.

This action shall not be construed as a waiver of the requirements of section 7 of the Natural Gas Act, as amended; nor shall it be construed as constituting approval of the referenced filing or of any rate, charge, classification, or any rule, regulation, or practice affecting such rate or service contained in the applicant's tariff; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated therewith; and such acceptance is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against the applicant.

This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713.

Re: Sabine Pipe Line LLC
Second Revised Volume No. 1
Housekeeping Update to Section 7.26
Docket No. RP26-____-000

Dear Ms. Reese:

Pursuant to Section 4 of the Natural Gas Act¹ and Part 154 of the regulations of the Federal Energy Regulatory Commission (the “Commission”), Sabine Pipe Line LLC (“Sabine”) respectfully submits for filing and acceptance the tariff record listed below for inclusion in its FERC Gas Tariff, Second Revised Volume No. 1 (“Tariff”). The proposed tariff record is submitted to become effective November 1, 2025.

Section 7.26, Statement of Negotiated Rates, v 1.0.0.

STATEMENT OF NATURE, REASONS AND BASIS

On May 18, 2006, Sabine submitted a filing (“Section 7.26 Filing”) under Docket No. RP06-363-000 to implement its negotiated rate program for transportation services by adding Section 7.26, Negotiated Rates to its FERC Gas Tariff, First Revised Volume No. 1.² The Commission approved the Section 7.26 Filing on June 16, 2006, giving Sabine authority to enter into negotiated rate agreements with its shippers.

On December 17, 2020, Sabine submitted a filing (“2020 Update Filing”) to revise its Section 7.26 under Docket No. RP21-319-000 to include a new negotiated rate agreement.³ In the 2020 Update Filing, Sabine attached a tariff record that erroneously omitted the negotiated rate provisions of sub-sections 7.26.1 through 7.26.7 approved in the Section 7.26 Filing, resulting in a Section 7.26 tariff record version that only reflected the table of essential elements for its negotiated rate agreements. The omission was a clerical error as Sabine had not filed a request to cancel the provisions granting it negotiated rate authority.

³ *Sabine Pipe Line, LLC*, Letter Order, Docket No. RP21-319-000 (January 12, 2021).

ONEOK Inc. (“ONEOK”) acquired Sabine on January 31, 2025. Sabine submitted a filing of its Tariff on June 16, 2025 to replace its First Revised Volume No. 1 Tariff with its now currently effective Second Revised Volume No. 1 Tariff. The new baseline tariff was approved by the Commission on July 2, 2025, with an effective date of July 16, 2025.⁴ Subsequent to its rebaseline filing, ONEOK discovered the error made in the 2020 Update Filing and now seeks to reincorporate the previously approved and still effective negotiated rate tariff provisions to Sabine’s Tariff.

Sabine files Version 1.0.0 of the General Terms and Conditions Section 7.26 of its FERC Gas Tariff, Second Revised Volume No. 1 to reincorporate the negotiated rate tariff revisions previously approved under Docket No. RP06-363-000. All changes reflected in the proposed tariff section are those that were approved by the Commission in Docket No. RP06-363-000.⁵

Proposed Effective Date

Pursuant to section 154.7(a)(3) of the Commission’s regulations, Sabine respectfully requests that the tariff records submitted herewith be approved by the Commission effective November 1, 2025. In accordance with section 154.7(a)(9) of the Commission’s regulations, Sabine hereby files a motion to place the proposed tariff record into effect at the end of any suspension period if one is so ordered by the Commission in this proceeding.

Materials Enclosed

In accordance with section 154.7 of the Commission’s regulations, the following items are included in this filing:

1. an eTariff XML filing package containing the proposal in electronic format;
2. a transmittal letter in PDF format, which incorporates the Statement of Nature, Reasons and Basis for the filing required by section 154.7(a)(6) of the Commission’s regulations;
3. Appendix A – a clean version of the tariff record in PDF format for publishing in eLibrary; and
4. Appendix B – a marked version of the tariff record in PDF format for publishing in eLibrary.

Waivers

Pursuant to section 154.7(a)(7) of the Commission’s regulations, Sabine respectfully requests that the Commission grant a waiver to its 30-day notice requirement found in section 154.207 of the Commission’s regulations. Sabine additionally requests a shortened comment period.

⁴ *Sabine Pipe Line*, Letter Order, Docket No. RP25-951-000 (July 2, 2025).

⁵ After the Section 7.26 Filing and prior to the 2020 Update Filing, Sabine adopted a section-based tariff format. The language reincorporated in this administrative filing reflects the section-based tariff format and non-substantive wording updates which had been approved in *Sabine Pipe Line, LLC*, Letter Order, Docket No. RP10-1403-000 (November 18, 2010).

Sabine proposes the requested waiver and shortened comment period because the proposed Version 1.0.0 of Sabine's Section 7.26, Statement of Negotiated Rates incorporates provisions already accepted by the Commission, as more fully described above, and proposes no new changes to the Tariff record.

Sabine has not identified any additional waivers of the Commission's Regulations needed to permit its filing to become effective as proposed; however, Sabine respectfully requests that should the Commission determine that any such waivers are required, the Commission grant such waivers as are necessary in order that the revised tariff sheets may be made effective as proposed. No waiver of Sabine's Tariff is herein requested.

Service and Correspondence

In accordance with section 154.208 of the Commission's regulations, the undersigned certifies that a copy of this filing has been served electronically on Sabine's shippers and affected state regulatory commissions. A paper copy of this filing may only be served if a shipper has been granted waiver of electronic service pursuant to Part 390 of the Commission's regulations. In addition, a copy of this filing is available for public inspection during regular business hours at Sabine's office at 100 West Fifth Street, Tulsa, Oklahoma 74103.

It is requested that a copy of all communications, correspondence, and pleadings with respect to this filing be sent to:

STATEMENT OF NEGOTIATED RATES

7.26. NEGOTIATED RATES

7.26.1 Availability

Sabine and Shipper may agree to Negotiated Rates, as defined in Section 7.1 of the General Terms and Conditions of this FERC Gas Tariff, for a specific term of service under any Rate Schedule contained in this Tariff. The rates as shown in the currently effective Section No. 5 of this Tariff are available as Recourse Rates for any Shipper that does not negotiate a rate with Sabine.

7.26.2 Applicability to Existing Service Agreements

Notwithstanding anything to the contrary contained in this Tariff, Sabine and Shipper may mutually agree to negotiate rates for all or any portion of currently subscribed capacity under any existing Service Agreement, provided that Shipper has not acquired its capacity through a capacity release.

If Negotiated Rates will apply to only a portion of the capacity currently subscribed under any existing Service Agreement, the original Service Agreement must first be bifurcated, and Recourse Rates will continue to apply to that portion of capacity subscribed under the Service Agreement not subject to the Negotiated Rates. A new Service Agreement must be executed for that portion of the capacity for which Negotiated Rates will apply. The new Service Agreement will have the same expiration date as the original Service Agreement. If the original Service Agreement is for firm transportation service, the new Service Agreement will have the same Primary Receipt Point(s) and Primary Delivery Point(s) as the original Service Agreement.

7.26.3 Applicability to New Service Requests for Unsubscribed and Available Capacity

Sabine and Shipper may mutually agree to Negotiated Rates for any unsubscribed or available capacity that is requested by Shipper in accordance with Section 7.4 of the General Terms and Conditions of this Tariff.

7.26.4 Applicability to Capacity Posted for Bid by Sabine

If capacity is posted for bid by Sabine and Sabine has determined that it is willing to consider bids at Negotiated Rates, Sabine will state in its posting that it will accept Negotiated Rate bids in addition to Recourse Rate and discounted Recourse Rate bids. This requirement applies to:

- (1) new capacity that becomes available due to the construction or acquisition of facilities or the expansion of existing facilities; and
- (2) capacity which will become available upon the termination of an existing Shipper's Firm Service Agreement.

Bid Evaluation. For purposes of determining the best bid and awarding capacity, the value of a Negotiated Rate bid will be capped at the value of a Recourse Rate bid.

Right of First Refusal. An existing Shipper with a right of first refusal may retain all or a portion of its capacity, when such capacity is posted subject to Negotiated Rate offers, (1) by matching the highest Negotiated Rate offer submitted by another Shipper that meets or exceeds the lowest rate that Sabine is willing to accept for such service, or (2) by paying a Recourse Rate or discounted Recourse Rate that is equivalent to the Negotiated Rate for the capacity it wishes to retain; provided, however, that nothing herein shall obligate Sabine to render service to any Shipper at rates less than the rates set forth in the currently effective Section No. 5 of Sabine's FERC Gas Tariff.

7.26.5 Negotiated Rate Filing Requirement

No later than the Business Day on which Sabine commences service under a Negotiated Rate Service Agreement, Sabine will submit to the Commission a tariff section substantially in the form of the table set forth in this Section 7.26 stating the name of the Shipper, the Rate Schedule, term, contract quantity, Negotiated Rate, and Primary Receipt and Delivery Point(s), if applicable. If the Day on which Sabine commences service is not a Business Day, then Sabine will submit such tariff section no later than the next Business Day after Sabine commences service.

Unless Sabine executes and files a Non-conforming Service Agreement, such tariff section will contain a statement that the Negotiated Rate Service Agreement does not deviate in any material aspect from the Form of Service Agreement in Sabine's FERC Gas Tariff for the applicable Rate Schedule.

7.26.6 Limitations

This Subsection 7.26 does not authorize Sabine to negotiate terms and conditions of service.

7.26.7 Discount-Type Adjustment

Sabine reserves the right in future general rate proceedings to seek a discount-type adjustment for Negotiated Rate agreements.

STATEMENT OF NEGOTIATED RATES

7.26. NEGOTIATED RATES

7.26.1 Availability

Sabine and Shipper may agree to Negotiated Rates, as defined in Section 7.1 of the General Terms and Conditions of this FERC Gas Tariff, for a specific term of service under any Rate Schedule contained in this Tariff. The rates as shown in the currently effective Section No. 5 of this Tariff are available as Recourse Rates for any Shipper that does not negotiate a rate with Sabine.

7.26.2 Applicability to Existing Service Agreements

Notwithstanding anything to the contrary contained in this Tariff, Sabine and Shipper may mutually agree to negotiate rates for all or any portion of currently subscribed capacity under any existing Service Agreement, provided that Shipper has not acquired its capacity through a capacity release.

If Negotiated Rates will apply to only a portion of the capacity currently subscribed under any existing Service Agreement, the original Service Agreement must first be bifurcated, and Recourse Rates will continue to apply to that portion of capacity subscribed under the Service Agreement not subject to the Negotiated Rates. A new Service Agreement must be executed for that portion of the capacity for which Negotiated Rates will apply. The new Service Agreement will have the same expiration date as the original Service Agreement. If the original Service Agreement is for firm transportation service, the new Service Agreement will have the same Primary Receipt Point(s) and Primary Delivery Point(s) as the original Service Agreement.

7.26.3 Applicability to New Service Requests for Unsubscribed and Available Capacity

Sabine and Shipper may mutually agree to Negotiated Rates for any unsubscribed or available capacity that is requested by Shipper in accordance with Section 7.4 of the General Terms and Conditions of this Tariff.

7.26.4 Applicability to Capacity Posted for Bid by Sabine

If capacity is posted for bid by Sabine and Sabine has determined that it is willing to consider bids at Negotiated Rates, Sabine will state in its posting that it will accept Negotiated Rate bids in addition to Recourse Rate and discounted Recourse Rate bids. This requirement applies to:

- (1) new capacity that becomes available due to the construction or acquisition of facilities or the expansion of existing facilities; and
- (2) capacity which will become available upon the termination of an existing Shipper's Firm Service Agreement.
