

UGI Storage Company – Informational Posting

Date: 03/15/2024

Subject: Spring 2024 Shut-In Testing – Tioga and Meeker Storage Fields

BHE GT&S (formerly Dominion) will be conducting its annual spring Tioga storage field shut in test from 04/01/2024 through 04/08/2024. During this outage, firm injection service for UGI Storage Company customers under rate FSS and rate NNSS will be pro-rated. The specific volumes will be communicated to each customer closer to the test dates.

Also, UGI Storage Company will be conducting its annual spring Meeker storage field shut in test from 04/08/2024 through 04/12/2024. Firm injection service will not be impacted.

Please contact your Midstream Commercial Operations scheduling representative at pipelinescheduling@ugies.com with any questions.
