**Re: Bluewater Gas Storage, LLC
Docket No. RP22-____-000
Order No. 587-Z Compliance Filing**

Dear Secretary Bose:

Pursuant to Order No. 587-Z, the Commission's Final Rule in Docket No. RM96-1-042,¹ and Part 154 of the Federal Energy Regulatory Commission's ("FERC" or "Commission") regulations,² Bluewater Gas Storage, LLC ("Bluewater") hereby submits for filing as part of its FERC Gas Tariff, First Revised Volume No. 1 ("Tariff"), the following revised tariff sheets:

Section 6.23 – North American Energy Standards Board, Version 12.0.0

Bluewater respectfully requests that the specified tariff sheets be accepted effective June 1, 2022.

Statement of Nature, Reasons and Basis for Proposed Modifications:

In Order No. 587-Z, issued on July 15, 2021, the Commission adopted changes to its regulations to incorporate Version 3.2 of the North American Energy Standard Board ("NAESB") Wholesale Gas Quadrant ("WGQ") Standards. Specifically, the Commission adopted revised standards governing the business practices and communication methodologies of interstate natural gas pipelines, in place of the currently incorporated version (Version 3.1) of those same business practice standards.

¹ *Standards for Business Practices of Interstate Natural Gas Pipelines*, Order No. 587-Z, 176 FERC ¶ 61,015 (2021).

² 18 C.F.R. Part 154 (2020).

Pursuant to Order No. 587-Z, jurisdictional pipelines and storage companies are required to make a compliance filing by November 12, 2021. The purpose of this present filing is to comply with the Commission's Order No. 587-Z. In compliance with Order No. 587-Z, Bluewater is submitting separate tariff records reflecting the changed standards. Bluewater's attached tariff records reflect all of the current NAESB Standards to date and specify whether such standard is incorporated by reference or included in a specific tariff provision (and if the latter, then where such tariff provision is located), as well as indicate which standards Bluewater has received, or is seeking, a waiver or extension of time, or other variance with respect to compliance with the standard. Upon implementation of the tariff modifications described above, Bluewater will have fully complied with Order No. 587-Z.

Request for Continuation of an Existing Waiver or Extension of Time:

The Commission has previously granted Bluewater an extension of time to implement certain NAESB Standards, including NAESB Standards related to the EDI/EDM and FF/EDM communication standards until 90 days following a request that it provide such communications.³ More recently, the Commission granted Bluewater a similar request for an extension of time to implement Electronic Data Interchange ("EDI") and Electric Delivery Mechanism ("EDM") requirements, as well as the Internet Electronic Transport ("IET") requirements, in response to the Commission's Order No. 587-W and Order No. 587-Y.⁴ Bluewater continues to operate on the same basis that the Commission relied on when it previously granted extensions for compliance with these standards. That is, Bluewater has not received a request for EDI/EDM and FF/EDM communications and does not anticipate that it will receive such a request in the foreseeable future. In accordance with the requirements of Order No. 587-Z, Bluewater respectfully requests continuation of these extensions of time for Version 3.2 of NAESB's Standards.⁵

In accordance with Order No. 587-Z, Bluewater is providing the following table, which identifies the latest docket wherein the waiver or extension of time was granted.

³ *Bluewater Gas Storage, LLC*, Docket No. CP06-351-001, at 2-3 (Dec. 1, 2006) (unpublished delegated letter order).

⁴ *Eastern Shore Natural Gas Company, et al.*, 154 FERC ¶ 61,250, at P 6 (2016) (accepting Bluewater's compliance filing implementing NAESB Version 3.0 standards promulgated in Orders Nos. 587-W and 809); *Rager Mtn. Storage Co. LLC, et al.*, 168 FERC ¶ 61,061 (2019) (conditionally accepting Bluewater's compliance filing implementing NAESB Version 3.1 standards promulgated in Order Nos. 587-Y); *Bluewater Gas Storage, LLC*, Docket No. RP19-1081-001 (Oct. 8, 2019) (delegated letter order accepting Bluewater's compliance filing).

⁵ Order No. 587-Z requires a pipeline requesting a continuation of an existing waiver or extension of time to include a table in its transmittal letter that states the standard for which a waiver or extension of time was granted, and the docket number or order citation to the proceeding in which the waiver or extension was granted. The relevant docket numbers are included in Bluewater's table in this transmittal letter while the relevant orders are cited in the preceding two notes. Order No. 587-Z at P 27.

Effective Date, Request for Waiver, and Motion (18 C.F.R. § 154.7(a)):

Bluewater requests that the tariff records included herein become effective June 1, 2022, the date on which the Commission required natural gas companies to be in compliance with the

revised NAESB WGQ standards. Pursuant to Section 154.7(a) of the Commission's regulations,⁶ Bluewater respectfully moves the Commission to accept this filing, without condition or modification. While it knows of no required waivers, Bluewater respectfully requests that the Commission grant any necessary waivers of its regulations, policy, or precedent that the Commission may deem necessary to place the tariff records into effect on the requested effective date, provided that the tariff records are accepted without modification or condition. In the event the tariff records are not so accepted, Bluewater reserves the right to file a later motion or place such tariff record into effect.
