

**Tallgrass Has Re-Platformed East Cheyenne Gas Storage to the Tallgrass CONNECT System on April 15<sup>th</sup>, 2024.**

**East Cheyenne Gas Storage Re-platforming:**

Tallgrass has re-platformed the East Cheyenne Gas Storage from the Latitude System to the Tallgrass CONNECT Gas Management Information System. The re-platforming took place Monday, April 15<sup>th</sup>, 2024.

Tallgrass customers will continue to have access to the Latitude system through December 31<sup>st</sup>, 2024.

During the transition period of April 15<sup>th</sup> through April 30<sup>th</sup>, 2024, the following processes will be managed in Latitude and CONNECT:

- Latitude:
  - Contracting, nominations, and billing for April 2024 will be managed in the Latitude system through April 30<sup>th</sup>.
  - April and prior billing information will be available in the Latitude system through December 31<sup>st</sup>, 2024.
- CONNECT:
  - Contracting, nominations, and billing for May 2024 business will be managed in the Tallgrass CONNECT application starting Monday, April 15<sup>th</sup>.
- Historical Latitude data (April 2024 and prior) will be available to East Cheyenne Gas Storage customers and operators by request once the Latitude system is no longer available.

If there are questions about the re-platforming of the Tallgrass CONNECT application, please contact:
