

Tallgrass CONNECT System Training Sessions for East Cheyenne Gas Storage Users

East Cheyenne Gas Storage CONNECT System Training:

CONNECT system training for East Cheyenne Gas Storage customers will include general navigation and instruction on using the CONNECT system. In addition, The Contracts Team will explain the capacity release process and show users how to temporarily or permanently release all or a portion of capacity; The Scheduling Team will demonstrate how to perform nominations, confirmations, and generate reports; The Invoicing Team will explain the process for retrieving invoices.

Tallgrass CONNECT user training sessions are available in April 2024. We invite users to virtually attend any of the training sessions below (email with Microsoft Teams link to follow):
