

## Non-Critical Notice

February 7, 2023

To: Eastern Shore Natural Gas (Eastern Shore) Shippers and Customers

Re: Notice of Available Off Peak Firm Transportation Service (OPT30)

Per Section 3(b) of the General Terms and Conditions in Eastern Shore's FERC Gas Tariff, Eastern Shore is providing the below forecasted available quantity of Off Peak Firm Transportation Service.

<u>Gas Days</u>	<u>Quantity (D2)</u>
<b>2/08/23</b>	<b>47,500</b>

To the extent that the total nominated quantities exceed the available capacity identified in the chart above, Eastern Shore will prorate the nominated quantities based on scheduling priorities, in accordance with Section 21(g) of the General Terms and Conditions in Eastern Shore's FERC Gas Tariff.

This information is intended to provide Shippers and Customers with an easy reference source of information regarding OPT30 availability. All applicable terms and conditions of Eastern Shore's Rate Schedule OPT30 shall apply.

Please contact Transportation & Scheduling should you have any questions.
