

Critical Notice

Date: January 19, 2024

To: Eastern Shore Natural Gas Shippers

Re: Eastern Shore Pipeline Conditions – Termination of Operational Flow Order (OFO)

The system-wide Imbalance Operational Flow Order (OFO) currently in effect on the Eastern Shore system will be terminated at the start of the gas day, Monday, January 22, 2024 at 9:00 CST (10:00 am EST). Eastern Shore strongly encourages all parties to manage their system requirements to ensure a concurrent balance of receipts and deliveries.
