MoGas Pipeline LLC

Non-Critical Notice – Weather Alert

Due to predicted cold weather, and in response to an Extreme Weather Alert/Critical Notice issued 1/27/23 by an upstream pipeline supplier into the MoGas system, MoGas is issuing an operational Non-Critical Notice for Zones 1 and 2 of its system.

Effective Gas Day January 28, 2023 at 09:00, MoGas requests all delivery point Shippers minimize over-takes out of the system and all receipt point Shippers minimize their under-deliveries into the system. MoGas requests that no Payback to Shipper nominations be made during this notice period.

Please refer to your pipeline supplier into MoGas for any provision of their notice that may impact your business on the MoGas system.

This Non-Critical Notice will remain in effect until cancelled.

Thank you!
