MoGas Pipeline LLC, Partial Lifting of Critical Notice -
Operational Force Majeure

Effective immediately, MoGas is partially lifting the Critical Notice – Operational Force Majeure issued June 4, 2019. The east leg of the MoGas system is no longer isolated. Deliveries can be made to the St. Peters (Levee) Station and the MRT Station is available for receipts and deliveries.

The MoGas West Alton (Brown) Station remains unavailable until further notice due to continued high flood levels at that location.
