Re: Perryville Gas Storage LLC
Docket No. RP26-____-000
FERC Gas Tariff Filing

Dear Secretary Reese:

Pursuant to 18 CFR §§ 154.7 and 154.203 of the Commission's Regulations, and in compliance with Order No. 587-AB issued May 22, 2026, (May Order),¹ Perryville Gas Storage LLC ("Perryville") submits for filing and acceptance the following proposed tariff section to its FERC Gas Tariff, Original Volume No. 1 (Tariff). Pursuant to the November Order, Perryville requests an effective date of January 1, 2027, for the proposed changes.

Proposed Section(s):

Section 6.23, General Terms and Conditions - North American Energy Standards Board,
Version 17.0

Material Submitted

In accordance with Section 154.7(a)(1) of the Commission's regulations, Perryville submits an eTariff .xml filing package, containing the following items:

- (1) The revised tariff records in RTF format with metadata attached;
- (2) A transmittal letter in PDF format;
- (3) A clean version of the revised tariff records in PDF format for publishing in eLibrary;
- (4) A marked version of the revised tariff records in accordance with Section 154.201(a) of the Commission's regulations; and
- (5) A copy of the complete filing in PDF format for publishing in eLibrary.

¹ *Standards for Business Practices of Interstate Natural Gas Pipelines*, Order No. 587-AB, 195 FERC ¶ 61,135 (2026).

Statement of the Nature, Reasons and Basis for Filing

The Commission issued its May Order, incorporating by reference the NAESB WGQ Version 4.0 Standards into its regulations and requiring interstate natural gas pipelines to submit compliance tariff records. With this filing, Perryville proposes to revise its Tariff to reflect the updated Standards, in compliance with the May Order, and to maintain the extensions of time previously recognized for standards involving EDI, EDM, and/or IET communications.

Perryville respectfully requests continuation of the extension of time for the EDI, EDM, and IET technical requirements identified below. In its July 28, 2025 order addressing filings submitted in compliance with Order No. 587-AA,² the Commission granted Perryville, among other similarly situated interstate natural gas pipelines, an extension of time until 90 days after receipt of a customer request to implement the requested standards and datasets. Perryville has not received such a request from a customer and therefore requests continuation of the same relief for the NAESB WGQ Version 4.0 Standards reflected in proposed Section 6.23.

This request is consistent with Commission precedent for Perryville and other entities granted comparable extensions of time in the July 28, 2025 order. It preserves Perryville's ability to become fully compliant within the Commission-recognized implementation period if a Part 284 customer requests the referenced EDI, EDM, or IET functionality, while avoiding unnecessary implementation of systems for services that have not been requested.

Below is the list of standards for which Perryville seeks an extension of time to the extent those standards reference EDI, EDM, and/or IET communications. Perryville requests that the extension remain in effect until 90 days after Perryville receives a customer request to implement the requested standards and datasets, consistent with the Commission's treatment of Perryville in the July 28, 2025 order.³

Proposed Tariff Revisions

Section 6.23 reflects the revised NAESB 4.0 Standards in the list of Standards incorporated by reference in the Tariff.

Filings Pending Before the Commission

In compliance with 18 CFR § 154.204(f), Perryville states that it has no other filings pending before the Commission that may significantly impact this filing.

Motion to Place Tariff Sections into Effect

Pursuant to § 154.7(a)(9) of the Commission's Regulations, Perryville moves to place the proposed Tariff section into effect on January 1, 2027. In the event the Tariff record(s) is suspended, modified, or accepted subject to conditions, in accordance with Section 154.7(a)(9) of the Commission's Regulations, Perryville reserves the right to file a later motion to place the proposed tariff record into effect at the end of the suspension period.

6.23 GENERAL TERMS AND CONDITIONS – NORTH AMERICAN ENERGY STANDARDS BOARD

23. NORTH AMERICAN ENERGY STANDARDS BOARD

Company has adopted the Business Practices and Electronic Communications Standards, NAESB WGQ Version 4.0, and the standard revised by Minor Correction MC24002 marked with an asterisk [*], which are required by the Commission in 18 C.F.R. Section 284.12(a), as indicated below. Standards without accompanying identification or notations are incorporated by reference. Standards that are not incorporated by reference are identified along with the tariff record in which they are located. Standards for which waivers or extensions of time have been granted are also identified.

Pursuant to NAESB Copyright Procedure Regarding Member and Purchaser Self Executing Waiver as adopted by the NAESB Board of Directors on April 4, 2013, Company may publish in its tariff, compliance filings, in communications with customers or stakeholders in conducting day to day business or in communications with regulatory agencies some or all of the language contained in NAESB standards protected by copyright, provided that Company includes appropriate citations in the submission. Company has elected to reproduce only the following Business Practices and Electronic Communications Standards, NAESB WGQ Version 4.0, that are protected by NAESB's copyright. With respect to each reproduced standard, Company incorporates the following: © 1996 – 2024 NAESB, all rights reserved.
