

**SABINE PIPE LINE LLC
NON-CRITICAL NOTICE OF PLANNED COMPRESSOR MAINTENANCE AT THE
HENRY HUB**

Sabine Pipe Line LLC (“Sabine”) plans to perform maintenance to one of the units at its Henry Compressor Station (the “Compressor Station”) which will reduce overall available compression capacity. Maintenance is scheduled to occur July 16 through July 21, 2018, and, while we do not expect capacity in this area to be affected, we encourage shippers to closely monitor the website for capacity updates.

Please feel free to call a Transportation Representative or the after-hours telephone number (214-721-9474) for further information.
