**\*\*\*\* Information Only - No Action Required \*\*\*\***

April 27, 2023

To: Landowners within the Vector Pipeline Limited Partnership (“Vector”) Corridor

Vector has been collecting an Abandonment Cost Surcharge (“ACS”) from its customers to ensure there are adequate funds to handle the costs if Vector should abandon operation of its pipeline. A pipeline is a long lived asset and the funds to handle the costs of any abandonment will be collected over a forty year period. The collection of the ACS was required by the Canada Energy Regulator (“CER”), beginning January 1, 2015. As the abandonment cost funds are collected from Vector’s customers, such funds are being managed by an independent investment trust.

Vector has posted on its website ([www.vector-pipeline.com](http://www.vector-pipeline.com)), under “Informational Postings” then under “Other”, then under “Trust Annual Report (CER)” a filing it made with the CER on April 27, 2023. Vector’s filing included as attachments the following NEB abandonment cost trust reporting requirements for 2022:

- Audited trust financial statements for 2022
- Appendix XV reporting form for 2022

Should there be any questions or concerns regarding Vector’s CER filing of its abandonment cost trust annual reports for 2022, please contact me at (734) 462-0237 or at [amy.bruhn@vector-pipeline.com](mailto:amy.bruhn@vector-pipeline.com).

Sincerely,

Amy Bruhn
