

October 12, 2021

**Vector Pipeline announces an Open Season** for annual firm westbound transport capacity on the Milford to Joliet segment beginning April 1, 2022.

Vector has firm capacity available for westbound service from the Milford Junction (DTE Gas and NEXUS) and Rover receipt points to major markets including NIPSCO-Crown Point, Peoples Gas-Smith Road and Guardian Pipeline, plus all other markets along this segment. There is 115,900 Dth per day available annually beginning April 1, 2022, however deliveries into Guardian Pipeline will be limited to 36,052 Dth per day due to existing firm commitments. Please note firm capacity from receipt points east of Milford is not available at this time.

The minimum 100% load factor bid rate is \$0.16 per Dth for terms of one to three years and \$0.15 per Dth for terms of four years or longer.

Bids for capacity are due no later than 3:00 PM Eastern Standard Time on November 5, 2021. Submissions should be made via email to [vectormarketing@vector-pipeline.com](mailto:vectormarketing@vector-pipeline.com) using Vector's "Request for Service" form which can be found at:

<http://www.vector-pipeline.com/Vector/Request-for-Service.pdf>

Parties will be notified if their bids are successful or not by November 9, 2021.

Awarding of capacity shall be handled under the greatest economic value provisions within Vector's FERC Gas Tariff General Terms and Conditions.

Interested parties should contact Matt Malinowski (734-276-6189) or Dennis Scheibe at (734-210-8481).
